OUTLINES.

John Temple Graves, of New York and Georgia, was officially notified of his nomination by the Independence Party for Vice President, in Atlanta, last night. W. R. Hearst was a prominent figure in the notification exercises——A terrific hurricane swept over the Turk Islands last night, and devastated the town of Grand Turk, causing the loss of several lives. During the progress of the storm the wind reached a delo velocity of nearly 100 miles an hour——Charles E. Davis has been identified by Dr. Lord, as the person he saw coming from the Rustin home on the night of the murder. Davis was arraigned yesterday and gave bail of $7,000——The sentence of Walter F. Simmons, who was court martialed at Norfolk and convicted of violating the discipline, has been mitigated by Secretary Metcalf ——There were no new developments in the Flower-Hagaman case, in Richmond yesterday——The marine corps team wins the Dryden trophy at the Seagirt National shooting match——Since it has become known that Taft would enter on an active canvass Chairman Hitchcock has been overwhelmed with demands for him in all parts of the country. He will start out the latter part of this month——On October 7th Bryan and Taft will be the guests of honor at the annual banquet of the Chicago Association of Commerce. The meeting will be non-political, the inland waterways to be the subject of discussion——The Navy Department has been asked to make search for the American vessel Aeon, which sailed from San Francisco for Samoa on July 6th and has not since been reported——Orville Wright yesterday broke the record with his aeroplane as to speed and skill in management —— Bryan's itinerary took him out of Ohio into West Virginia yesterday making the first stop at Wheeling where he spoke to an immense crowd——New York Markets: Money on call steady at 1 1-2 to 2 per cent., ruling rate and closing bid 1 3-4, offered at 2, time loans steady. Flour steady, but slow. Wheat barely steady, No. 2 red 1.03 5-8 to 1.05 1-8 elevator. Corn steady, No. 2, 89 nominal elevator. Oats steady, mixed 52 1-2. Rosin quiet, strained common to good 2.75. Turpentine steady 39 1-4. Spot cotton closed quiet at 10 points decline, middling uplands 9.40, middling gulf 9.65.

The empty dinner pail is going to play a big part in the November election.

The country is waiting with bated breath for John Temple Graves' speech of acceptance.

If the labor element wants to put its vote where it can do the most good it will vote for Bryan.

Why should Harry Thaw care whether or not he is declared a bankrupt? What difference should that make to a lunatic?

The "viewing with alarm" has been transferred from its usual place in the Democratic platforms to the breasts of the leaders of the Republican party.

This time next week Taft will be saying that it would have been better for the Republican party if its majority in Maine had been much smaller.

Remember that you cannot vote on the road bond issue election unless you register anew and that today is the last one on which you can do so.

Foraker knows that if he wants to go back to the Senate he has got to knuckle down to the Taft element of the party in his State.

There will be two Democrats in the next Vermont Senate. How are they going to decide by a majority vote what course the minority shall pursue?

Have you registered for the bond issue election? If you haven't you must do so today else you can't vote, no matter how long your name has been on the old registration books.

An exchange wants to know what would have happened if Earle had found his affinity in one of those red-headed Texas women. No doubt Earle shudders when he considers that problem.

The saloon keepers of Atlantic City, instead of abusing the Governor of New Jersey for putting the Sunday law in force, ought to be thankful to him that he postponed action until so late in the season.

Taft and Foraker have shaken hands it is true, but that does not mean the latter has forgotten that the Presidential candidate said that there would be no compromise in the Ohio party.

If any man is deprived of his right to vote at the bond issue election by not having registered it will be his own fault, for he has had the matter sufficiently explained to him through these columns.

AFFAIRS IN RALEIGH

Capital City Politics Have a Full Fledged Mad Dog Scare Just Now.

A CONGRESSIONAL CANVASS

Challenge Sent to Republican Candidate Briggs and Elector—Masonic Temple Completion—Greensboro Centennial.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 11.—A microscopic examination in the State laboratory of hygiene having shown that a dog that was at large here two days believed to have the rabies, did have a well developed case, persons who were bitten in various parts of the city went to the laboratory today for treatment by Director C. A. Shore with the equipment recently installed by the State Department of Agriculture.

Among them are Mrs. D. E. Bersell, Miss Willie O'Quinn, W. S. Goodwin, Albert Monroe, and three negroes. The Monroe boy is a Western Union messenger. The city authorities are to order all dogs confined long enough to prevent a spread of the disease from this case.

An announcement that the offices of Assistant Superintendent R. P. Foster, of the Norfolk & Southern Railroad Co., will be moved from Raleigh to Newbern, is received here with distinct regret. The reason for the change is declared to be that Newbern is in the centre of this division and will prove more convenient in cases of emergency, Mr. Foster to have supervision, especially of this division.

State Democratic Chairman A. H. Eller, says the formation of Democratic clubs is spreading into every part of the State and that in compliance with requests that have been pouring into headquarters here, he is sending out to the county chairmen definite plans for the organization of such clubs so that they will be in touch with both the State and the National Democratic headquarters assuring ample literature and speakers. Chairman Eller is much gratified at the progress of the campaign.

Congressman Edward W. Pou, of this, the Fourth, district, spent the day here. He says he will "invite" Willis G. Briggs, the Republican nominee, to a joint canvass. He feels that the 7,000 majority he had last campaign cannot be overcome.

In the opinion of Charles McMillen, architect in charge of the Grand Lodge Masonic Temple here, the contractors, The Carolina Construction Co., of Greensboro, will complete their contract and be released within two weeks. Some detail differences that accumulate in the course of all large contracts, for arbitration are being adjusted now while the "finishing touches" are in progress.

The Greensboro Centennial Association (Inc.) received a charter from the Secretary of State today for the purpose of promoting and managing the great celebration of the Centennial of the founding of Greensboro in October. The corporation is without capital stock, the incorporators being George S. Bradshaw, Garland Daniel, Thomas A. Gunter, J. I. Foust, R. D. Douglass, L. J. Brandt, Caesar Cone, C. M. Vanstory, M. W. Thompson and A. M. Scales.

Chairman J. R. Young, of the Fourth District Democratic Executive Committee sent today the challenge for a joint canvass of the district between Congressman Pou and Candidate Briggs. The challenge also includes joint arguments between Democratic Presidential Elector R. S. McCoin, of Henderson, and Republican Elector Frank D. Jones, of Moore county. The Republican executive committee will decide whether there will be a joint canvass.

FUNERAL OF COL. DRANE.

Conducted From St. James' Episcopal Church Yesterday Afternoon.

Attended by a large concourse of sympathizing friends the funeral of the late Col. Henry M. Drane, whose death occurred in the James Walker Memorial Hospital, after an illness of several weeks, on Thursday, was held from St. James' Episcopal church yesterday afternoon at 4 o'clock, Rev. Thomas P. Noe, rector of the Church of the Good Shepherd, officiating. At the conclusion of the services the remains were conveyed to Oakdale cemetery and laid to rest.

The pall-bearers were: Honorary—Mr. Clayton Giles and Col. A. M. Waddell; active, Capt. J. I. Metts, Messrs. A. A. Brown, C. E. Taylor, Prof. Catlett, Mr. W. H. Green and Col. T. C. James.

Stock Will be Sold Today.

The property of the Cape Fear Distilling Co., C. F. Sheek, manager, the saloon on Market street closed on execution several weeks ago, will be sold at auction today by Constable W. B. Savage to satisfy the claims of the creditors. The stock will be disposed of by the piece. One of the largest creditors is Sol. Bear & Co., who obtained judgment in Justice Bornemann's court shortly before the execution was served.

AID OF FLOOD SUFFERERS

Lieut. R. S. McKenney, Accompanied by Collector of Customs Keith, Left Yesterday to Investigate Conditions.

Lieutenant R. S. McKenney, United States Army, stationed at Fort Caswell, who has been detailed by the War Department at Washington to investigate fully the need for government aid to the flood sufferers in Eastern North Carolina and to supply this aid where the emergency seems to require, left yesterday morning for Currie, N. C., in company with Collector of Customs B. F. Keith, where they will make an official inquiry into the exact status of affairs.

At Moore's Creek Battleground, near Currie, these gentlemen boarded a gasoline launch placed at their disposal by Mr. W. L. Nunalee and together they spent the day in the Canetuck section where the devastation seems to have been greatest. Aside from the importance of his official visit, Mr. Keith has intimate knowledge of local conditions in that section of Pender, having been personally one of the heaviest losers by the freshets, and he will be in position to acquaint Lieut. McKenney fully with the situation. Whether or not the conditions will be found such as to warrant the National government in proffering aid to the sufferers remains yet to be seen, but it may be certain that if government aid is given, it will be both prompt and bountiful. Lieut. McKenney and Collector Keith are expected to return to the city today.

Although the National government has manifested an interest in the relief work, there is no diminution of the effort on the part of the local relief committees in ministering to the wants of the suffering. The Wilmington committee is still receiving donations of cash and kind and it is expected that upon replies to letters sent out early in the week, further relief boats will be sent into the flooded region. One very handsome subscription received a day or two ago was $100 from Mr. Pembroke Jones, of New York, while Mrs. Jones has forwarded her personal check for $50 to the relief committee at Fayetteville. The thoughtfulness of these Southern people in the North will be heartily appreciated by the people in this section.

Organized relief work for the Cape Fear sufferers was inaugurated at a meeting of the Fayetteville Chamber of Commerce Thursday night. A committee of four, consisting of Sheriff Marsh, John Elliott, B. T. McBryde and W. H. Powell, was appointed to make a thorough investigation of the need of indigent sufferers from the flood in Cumberland county, relieving promptly as far as possible any distress. No aid will be required for the sufferers inside of Fayetteville.

There are also organized relief committees at Burgaw, Pender county, and at Elizabethtown, Bladen county. All are doing good work and it may be safely said that no known case of want will be slighted in these relief measures.

NEGRO SERIOUSLY SHOT.

James Corbett Shot by James Edwards, Claimed Accidental.

As the result of a pistol wound inflicted in his left side, James Corbett, colored, is at the James Walker Memorial Hospital in a dangerous condition, having been shot Thursday night by James Edwards, who claims that the shooting was accidental.

The only information to be obtained was given by Edwards yesterday, who stoutly denied that he had intended to shoot Corbett. He stated to the police that it was purely accidental.

Immediately after the affair Corbett was carried to the hospital and Edwards, who made no effort to escape, was arrested yesterday by Officer W. G. Brinkley, and committed to the guard house pending the condition of Corbett, which was reported unfavorable for recovery last night. The wounded man had not been able to give out a statement and the police are making a thorough investigation of the circumstances.

Tommy Ryan's Dander Up.

Tommy Ryan, the wrestling champion who lately took up his headquarters in Richmond, is sore over some newspaper accounts in the Lynchburg press in regard to his recent bout with George Herbert there in which he failed to throw Herbert three times within an hour as he had obligated to do. Ryan publishes a challenge that he will throw Herbert three times straight for $500 on the side; in other words that Herbert cannot throw him at all in three falls as the friends of Herbert have been claiming.

Child's Peculiar Accident.

Master Charles Wright, the 4-year-old son of Mr. and Mrs. James M. Hall, is recovering from a peculiar accident which this week came very near costing him his life. While the child slept in a crib some days ago a rat attacked him and severely bit one of the little fellow's fingers. This injury gave place to high fevers and for several days life was despaired of but friends of Mr. and Mrs. Hall were glad to learn yesterday that the little one was much better and now considered out of danger.

(By Wire to the Morning Star.)

New York, Sept. 11.—The leaders in the National Pennant race took the fourth straight game from Brooklyn today by a score of 6 to 1. Hersog, at second for New York, made a grand showing, while Young McMillan, the new short stop for Brooklyn, made a host of friends by his brilliant playing. The Score:

Brooklyn	000 000 100	1	7 3
New York	000 012 03x	6	9 0

Wilhelm and Maloney and Farmer; Crandall and Bresnahan and Needham. Time 2:09.

Pittsburg, Sept. 11.—Both Camnitz and Dubuc pitched a good game today but Wagner's batting was too much for the visitors and Pittsburg won from Cincinnati by a score of two to one. The Score:

Pittsburg	000 010 10x	2	4 1
Cincinnati	000 000 001	1	6 1

Camnitz and Gibson; Dubuc and McLean. Time 1:30.

Philadelphia, Sept. 11.—Philadelphia easily defeated Boston here today 7 to 2. The home team scored all their runs in the fifth inning when they landed on Flaherity curves for eight hits and drove him off the rubber. The Score:

Boston	000 200 000	2	8 0
Philadelphia	000 070 00x	7	15 3

Flaherity, Chapelle and Graham; Foxen, Moren and Dooin. Time 1:42.

St. Louis, Sept. 11.—St. Louis lost the second game to Chicago today by the score of 8 to 3.—Pfeister held St. Louis safe while Fromme was batted off the slab and Sallee hit freely. The Score:

St. Louis	000 210 000	3	6 1
Chicago	210 032 000	8	12 1

Some Local Notes of Interest.

Many of the "chronics" could not resist the temptation to go out yesterday afternoon and witness the game between the colored Compress Giants, of Wilmington, and an Afro-American team touring the country from Brooklyn, N. Y. The visiting team won in a long drawn out game by a score of 10 to 5.

The Wilmington fanatorial fanatics will read with interest the following dispatches from the realm of the ball and mit in Virginia.

Lynchburg, Va., Sept. 10.—Manager Orth, of the Shoemakers, has signed a catcher named Ross who comes from Wilmington, having been released by the Eastern Carolina League several days ago. The catcher will join the Shoemakers in Portsmouth and will be given a trial. He is said to be a good receiver, and a man able to take care of the delivery of Orth.

Petersburg, Va., Sept. 10.—Kite, the crack catcher of the Wilmington, N. C., league team, now playing here, has been signed by Petersburg, as have also Levy and Sharpe. Levy pitched a no-hit game on Monday, and Sharpe is the fast, hard-hitting second baseman. Mayberry, of the Wilson, N. C. club, has also been signed by Petersburg. He was the mainstay of his club in the box, and will greatly strengthen Petersburg's pitching staff. With these men added to its team, Petersburg should take the series from Winchester handily, and also the Richmond series. The management is trying to get the Richmond team here for September 28th, 29th and 30th.

—Among yesterday's arrivals at The Orton were Captain Nathan O'Berry, of Goldsboro, and J. K. Morrisey, of Clinton.

GOOD SPORT AT THE TRAPS

Stokley Led All in Regular Weekly Trap Shoot of Wilmington Gun Club Yesterday—Dreher and Boylan Also High.

Marsh hen gunning and duck hunting, the season for which is just now at its zenith, prevented a large attendance at the regular weekly shoot of the Wilmington Gun Club yesterday afternoon, but those who did face the traps found the conditions excellent and some fine scores were recorded.

Stokley, the State champion, was high gun for the afternoon, having dropped 72 out of the 75 targets exposed to his gun. The first 25 were straight. Dr. Dreher and Boylan tied for a close second with 70 out of 75, Boylan having had one event straight, Taylor coming third with 69. The scores in detail were as follows, events of 25 birds each:

Stokley	25	23	24—72
Boylan	23	25	22—70
Littig	21	20	22—63
Dreher	22	24	24—70
Boushee	—	23	23—46
Taylor	24	23	22—69
Murchison	—	18	17—35

The season for the Club will soon close after a very successful series of shoots including the State tournament in July.

IN THE MAYOR'S COURT

Three Negro Kids in Role of Highwaymen—Sent to the Farm.

At the session of the police court yesterday noon, three small picaninnies, Geo. Fisher, Burt LeVann and Jim Green, who were really guilty of highway robbery, were given a hearing before the Mayor, but on account of their ages, disposition was made of the cases by amending the warrant and sending the three to the county farm for thirty days. They created a little excitement Thursday night, at corner of Front and Grace streets, by jumping at two colored women and snatching a purse, which they made away with. It was clearly proved that the three were implicated in the robbery.

Walter Guion, colored, for vagrancy, was sent to the county roads to serve thirty days.

SCHOONER SOLD YESTERDAY.

Charles K. Schull Purchased For $10,100 by Brunswick Company.

The schooner Charles K. Schull was sold yesterday by United States Deputy Marshal C. O. Knox and was bid in for the libellant, the Brunswick Steamship Company, for $10,100. The sale was under the libel suit instituted in the United States District Court, September 3rd, to recover alleged salvage charges. Mr. Charles T. McGhee, of Philadelphia, former owner of the Schull, and Capt. W. S. Barlow, and Mr. J. W. Brewster, of New York, representing the Brunswick corporation, attended the sale.

The vessel was valued at $35,000 and had a cargo valued at $3,000. The cargo consisted of coal and was bid in by the Springer Coal Co., at $2.20 per ton, or $2.640 for the cargo. The bids were sent to Judge Purnell at Raleigh for approval.

VALUE OF FARM LANDS.

Truck Farm in Cape Fear Township Brings $140 Per Acre Unimproved.

A real estate transfer of more than passing interest yesterday was the purchase by Mr. Emil Herbst, of this city, from Mr. W. A. Lineker and wife, for a consideration of $100 per acre, four acres of unimproved trucking lands on east side of the Castle Haynes road, four miles from Wilmington, at the intersection of the turnpike with the road leading to Wrightsboro. Mr. Herbst will at once improve the property by proper drainage and the building of a residence for himself thereon. What makes this sale of special interest is the fact that five years ago, the same property was sold for $5 an acre, this being a fine example of the development of the county outside of Wilmington, especially along the Castle Haynes road.

Delightful Entertainment.

Southside Baptist Sunday School on the lawn of the church last night gave a very delightful entertainment in the form of a "birthday party" for the benefit of a fund to enlarge the children's class room. Each guest was bidden to enclose in little bags attached to the cards of invitation a penny for each year the recipient is old and in this way quite a neat sum was realized. Music and refreshments made up an evening altogether enjoyable for all who attended.

TO THE PUBLIC.

Mr. M. O. Eldridge, an expert on road building from the Department of Agriculture at Washington, D. C., will deliver a public address at the Court House this morning at 11 o'clock at the earnest request of a number of business men, who heard him yesterday afternoon at the Chamber of Commerce and who were charmed with his intensely practical talk upon a subject of which he is a master.. The public is most cordially invited to hear him for the information and interest which he is able to impart to the people generally.

ROADS AND DRAINAGE

Important Public Questions of Vital Concern to This Section of State Discussed.

BY GOVERNMENT EXPERTS

Meeting in Chamber of Commerce Yesterday Afternoon—Public Address on Roads at Court House This Morning.

Returning from the great drainage convention at Newbern, Congressman H. L. Godwin and Messrs. M. O. Eldridge and J. O. Wright, experts respectively in road building and swamp drainage from the Department of Agriculture at Washington, arrived in the city yesterday and in the afternoon at 4:30 o'clock in the rooms of the Chamber of Commerce, on Princess street, addressed a very representative and certainly a very enthusiastic gathering of Wilmington business men upon these important public questions of so vital interest especially to this eastern section of the State.

As a result of the meeting, a bill for presentation at the next session of the State Legislature looking to the reclamation of the swamp lands in Eastern North Carolina with the co-operation of the people themselves and the National government, was unanimously endorsed, and so well pleased were those present with the intensely practical and interesting address of Mr. Eldridge on the subject of road building that at the earnest solicitation of those present, he has decided to remain over in the city and deliver a public address on the subject of road building at the Court House this morning at 11 o'clock at which time the public is most cordially invited to hear him.

At the meeting yesterday President J. A. Taylor, of the Chamber of Commerce, presided and among those present were Mr. Hugh MacRae, Col. Walker Taylor, Messrs. H. G. Smallbones, John E. Crow, D. McEachern, R. H. Pickett, William Gilchrist, D. L. Gore, M. W. Jacobi, L. Bluethenthal, H. K. Nash, John T. Rankin and others. Mr. Wright was the first speaker, after Mr. Godwin had explained the mission of these gentlemen and the character of their work. Mr. Wright gave some impressions of the drainage convention at Newbern and spoke of the vast importance of this improvement in this section. A native of North Carolina but now a resident of Indiana and for more than twenty years engaged in drainage work, Mr. Wright gave a most interesting talk on the value of the reclamation of thousands of acres of land that are now going to waste. From facts brought out by Dr. Joseph Hyde Pratt at the Newbern convention it was shown that in twenty-eight counties in Eastern North Carolina there are 4,505 square miles of swamp lands. It is practicable, Mr. Wright said, to reclaim much of this waste land and concrete examples were given to show that this is possible. It meant not only thousands of dollars to the landowners, but equally as much to the merchants, the bankers, the butchers and every other class of citizenship.

Passing on, Mr. Wright explained the plan hit upon at the Newbern convention of providing for a co-operation of the people, the State and the National government in this great work. A proposed bill has been submitted to a legislative committee composed of Congressman John H. Small, chairman; Messrs. J. O. Wright, E. W. Myers, A. D. Ward, A. B. Lukens, F. M. Simmons, Congressman Chas. R. Thomas, E. M. Green and E. P. Carter. This committee will prepare the bill and it will be submitted at the next session of the Legislature with every prospect of its passage.

The meeting yesterday enthusiastically endorsed the principle of the bill as outlined by Mr. Wright and New Hanover representatives in the General Assembly were requested to support the same.

Mr. Eldridge on Good Roads.

Mr. Eldridge delivered an intensely practical and certainly most interesting address on road building, referring first to the great advantages that accrue to all classes from this improvement and explaining the most approved methods of building, first the "sand clay roads" and second "macadam." It developed during the course of his address that exactly the same plan of macadamizing recommended by the government is already now in practical operation on the New Hanover roads. He said that the cost of such roads in the United States would average from $3,000 to $5,000 per mile, governed largely, of course, by local conditions. He was a strong advocate of the State-aid plan of road improvement and hoped to see the day when the old plan of working the roads by the day would be given up altogether. The best results were always obtained by taxation and the convict system. He was questioned by many of the business men as to the relative cost and durability of the several roads and of remedies to be applied in case of disintegration, etc. Mr. Eldridge answered all questions

PAPER FROM COTTON STALKS.

Every now and then the statement is made that someone has discovered a process by which paper can be made from cotton stalks but no one has yet perfected a process by which it could be done. That serviceable paper can be made out of the cotton stalk those who have given the subject attention do not doubt, but how it can be accomplished is what is bothering the people who have attempted to substitute the cotton stalk for wood pulp. It is claimed by some people in Atlanta that they have at last discovered a process by which it can be done and a company has been formed for the manufacture of paper out of this heretofore valueless substance. On this subject the Nashville Banner says:

"A company has been organized in Atlanta, with a capital stock of $500,000, to manufacture paper from cotton stalks. The cotton stalk affords a cellulose of the best quality for making paper and it is claimed that the supply of stalks available in the South is practically inexhaustible. It is estimated that there is a ton of dry stalks for every bale of cotton raised, and that it would require nearly 1,500 paper mills, turning out 25 tons of paper per day, to consume the stalks of one cotton crop. As the stalks are valueless for any other purpose, it is claimed that a supply of raw material can be secured at a cost that will enable the company to make a superior grade of print paper that will readily compete in price with the wood pulp paper made by the paper trust."

It is to be hoped that this Atlanta company will make a success of its effort. It would be a great thing for both the users of paper and for the farmers of the South if this could be done. It is said that a by-product can be made in the process of turning the cotton stalk into paper—a commercial fertilizer which will add greatly to the profits of the paper making.

THE JOINT DEBATE PROPOSAL.

We hope the managers of the two political parties in this county can arrange for a joint debate on the day Kitchin is to speak here. Mr. Gore, chairman of the Republican committee, has asked for it. We feel sure the people wish to have his request granted. The Democratic committee should agree for Kitchin to meet any man in the State the Republicans may choose to select. Of course J. Elwood Cox, as the Republican candidate for Governor, is the proper person to meet our candidate on the stump; but as he is no speaker the Republicans would not care to pit him against the brilliant Democratic orator and debater. But our county party leaders should not stand back on that and throw any technicality in the way of a joint debate. They should give the Republicans all they ask and throw in something to make good measure. Kitchin can hold his own against any man they can bring to meet him. Furthermore a joint discussion with some man of reputation as a debater would bring out a great many more Democrats to the speaking than would turn out to hear a speech on political questions by Kitchin alone. It would go far to stirring up enthusiasm which is so lacking among New Hanover Democrats at this time and it would do much more along that line than a speech by Kitchin alone. By asking for this joint discussion Chairman Gore is doing the Democratic party of the county a great service. By all means let his request be granted and let him send any man he chooses to debate with our candidate and thus help increase the Democratic vote of the county.

RENEWING THE FORESTS.

"Some of the lumber companies operating in Louisiana and Texas have begun to give thought to the future of the cut-over lands. The Long-Bell Lumber Company is planting fig and pecan orchards on such lands at De Ridder, La. Other beginnings have been made in both States."—Houston Chronicle.

The Louisiana and Texas lumber mill men are doing a very sensible thing as setforth in the above item. We would like to see the same course pursued in this section. Our pine forests are being rapidly denuded. Something should be done to renew the forests the mill men are sweeping away. Were the owners of the land to take thought for their future welfare they would take some such action as that inaugurated by the Texas and Louisiana men. The latter are not only adopting a course which will benefit them or their successors, but will be of advantage to the other land owners in their section of the country. Were all persons who cut timber in our forests to pursue the same course the American forests would never give out and there would be no danger of exhausting the timber supply and the devastating floods the country suffers from would be stopped.

THE MOROCCAN EMBROGLIO.

An exchange remarks that "it would be a calamity unspeakable if a bloody European war should grow out of the question of civilized and Christian policing of Morocco." There will hardly be war over this matter, though wars have in the past originated from much more trifling causes. But wars now cost more than they used to and nations are more careful about provoking them. Germany's action in this matter was most arbitrary and in times past would have been considered sufficient cause for declaration of war by France or England had either wanted good pretext for declaring war. But in these days of expensive armament countries don't go to war unless forced to do so. Diplomacy smoothes over many situations that in times past could only have been settled by appeal to arms. Germany may be only bluffing, but she had good reason before making the move to know that neither France nor England would call the bluff in such a way as to force Germany either to back down or go to war to support her position. The war cloud that many thought they saw hovering over the Mediterranean shores of Africa, if it was ever there, will soon be dissipated by diplomatic negotiations.

THE CAMPAIGN IN THE WEST.

Aycock and Kitchin are storming the mountains, raising to the highest pitch the enthusiasm of the Democrats of that section. Good reports come from the mountain parts. The Democrats there are alive to the importance of the approaching election. There has been some talk about the Eighth and the Tenth Congressional district being in danger, but there can be no truth in the report judging by the enthusiastic manner in which the people have rallied around the Democratic candidates. At the same time our people must not be so sure of victory as to neglect any work or service calculated to increase the party's vote. The fight should be made just as if both districts were in danger and everything had to be done to secure them for our party. Too great feeling of security is the greatest danger that can befall any party. Victories that could be won are often lost through too great assurance of success.

From the Ansonian we learn that the amount of taxes of all kinds assessed in Anson county for the present year exceeds that of the preceding year by over four thousand dollars. This shows progress and the accumulation of wealth in that county; that the people are improving their condition.

The Washington Post suggests that when a man on trial for murder pleads insanity he should be adjudged to be so on his plea without an investigation or trial of the issue. If that were done with the understanding that the decree could not be revoked at any future time there would be fewer pleas of this kind in murder trials.

Durham county officials are after the tax dodgers with a sharp stick and some folks there who think it smart to get out of paying their proportionate part of the taxes, thus imposing greater burdens on the more honest citizens of the county are going to find out that there is not so much fun in it after all. There are some other counties in the State in which the officials ought to take the same course.

It is time that the men of the country who, by their energy, pluck and business qualifications are qualified to keep the ship of State afloat and off the breakers were taking command of the ship and seeing to it that she is not allowed to be wrecked under the management of incompetent navigators, generally known as professional politicians.

In last Sunday's New York World 72 millinery establishments advertized for help wanted, 58 of them wanting several persons each. What a lot of money it is going to take out of the pockets of fathers and husbands in the way of hat bills to pay for all these extra employes.

CURRENT COMMENT.

—A French scientist claims to be able, with the aid of radium, to transmute metals, changing silver into gold; but the radium is so much more expensive than the gold that Monsieur le Professeur is not likely to have left the price of an absinthe.—Houston Chronicle.

—Mr. J. Elwood Cox, of High Point, has been nominated by the Republicans for Governor. Mr. Cox is a man of fine business ability and of unblemished character. He is not widely known, having never been in public life, but he is highly esteemed throughout this section, and he will not discredit, even in the furry of the campaign, the good name he has won.—Charity and Children.

—The latest story on Mr. John D. Rockefeller runs as follows: Hearing that a family near one of his palatial homes was in financial distress he paid them a visit. He was told that there was a mortgage of $900 on the cottage and it was about to go sold for the debt. The deacon then generously proposed to furnish one dollar for the relief of the family if they would raise the other eight hundred and ninety-nine.—Charity and Children.

—"Twenty-five thousand unemployed walk the streets of New York every night," said one of the speakers at the meeting for the unemployed at Cooper Union Labor Day. And yet for twelve years the National government has been under the absolute control of the Republican party, which has produced the most remarkable class of multi-millionaires the world ever saw by imposing a tax of 100 and 200 per cent. on the people for everything they consume on the pretense of giving them all employment at remunerative wages.—Macon Telegraph.

—Mrs. Hitchcock, of New York, accused herself of murdering her husband, telling the police that she had first shot him and then herself. Her sanity being questioned, she was hypnotized with a view to ascertain the real truth. In the hypnotic trance she completely reversed her story, declaring that her husband had first shot her and then himself, and the nature of the wounds of both tended to confirm her second story. The woman's counsel insists that her innocence is thus established, but the district attorney objects that the use of hypnotism in securing evidence is extrajudicial and unprecedented. The novel case is exciting much interest among students of phychology.—Macon Telegraph.

—Actor—I have persuaded that critic who wields so much power with his pen to take dinner with us. Wife—What shall I give him? Actor—Well, for one thing, a good, plain roast—Wife (timidly)—But, dear, would that be tactful?—Baltimore American.

—"Why, Johnny," said Mrs. Muggins, "what are you doing here? Is Willie's party over?" "Nome," blubbered Johnny. "But the minute I got inside the house Willie's father told me to make myself at home, and I came."—Harper's Weekly.

—"How much can you hold, anyhow?" asked the woman, in amazement, as she handed him his third plateful. "I don't know, mum," said Eaton Jogalong, resuming operations. "I hain't never been tested up to my full capacity yit."—Chicago Tribune.

—"And so she is very queenly? I suppose she's the kind of woman who is never afraid to enter the grandest drawing room." "Oh, more majestic than that! She's the kind of woman who's never afraid to enter her own kitchen."—Brooklyn Life.

GIRLS WHO WORK

Girls who work for their living are especially exposed to the dangers of organic feminine disorders. Standing all day, or sitting in cramped positions; walking to and from their places of employment in bad weather all tend to break down their delicate feminine organism.

No class of women are in need of greater assistance, and thousands of letters like the following demonstrate the fact that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

restores the feminine system to a strong, healthy, normal condition.

Miss Abby F. Barrows, of Nelsonville, Ohio, writes to Mrs. Pinkham: "I was very sick, had dull headaches, pain in my back, and a feminine weakness. I had been to several doctors and they did me no good. Lydia E. Pinkham's Vegetable Compound made me well and strong, and I can do most any kind of work. I am in better health than I ever was, and it is all due to your medicine."

Miss Lillian Ross, of 530 E. 84th St., New York, writes to Mrs. Pinkham: "I had a female trouble, nervous headaches, and was tired all the time, and could not sleep. Lydia E. Pinkham's Vegetable Compound made me feel so much better that I hope every woman who suffers as I did will try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for feminine ills, and has positively cured thousands of women. Why don't you try it?

Mrs. Pinkham, Lynn, Mass., invites all sick women to write her for advice.

HOW A COMPASS REVEALED A SWINDLE.

(Original.)

In 1865 or 1866 I was a civil engineer on the Union Pacific railroad, then building. The western terminus was at Julesburg, a city that, like Jonah's gourd, sprang up in a night and, like Sodom, disappeared as suddenly, though Julesburg's extinction was from the establishment of a new terminus farther on, at Laramie. My headquarters were in Julesburg, and a more thorough exponent of all that is vile in humanity never bloomed on the face of the earth. All night could be heard the sound of fiddles in the dance halls, "One more lady in this set," "Keno!" and other similar cries.

On the evening of my arrival, curious to get a glimpse of what was going on, I visited the different places of hilarity, finally bringing up in a heap of boards that had been nailed together for a gambling den. There were faro, keno, roulette and in one corner a table at which two men with heaps of money before them were throwing dice. I noticed that this table was not improvised, like the other furniture of the place. It was of polished black walnut and ornamented. One of the men throwing dice was a pock-marked, red headed man with a sinister countenance, the other a fine type of the rugged, honest, fearless plainsman. I looked on the game for awhile and was astonished at the way the dice rolled for the plainsman's adversary. I had heard of loaded dice and the skill with which they could be thrown, but I had never dreamed of anything like this. It seemed that the red headed man could do with them as he liked. Finally the plainsman intimated that all was not fair. The other, instead of resenting the imputation, called on me to throw for him for awhile. I did so and met with the same astonishing luck as himself.

Handing the dice back to him, I stood wondering how the trick was done, for I did not doubt that it was a trick. Of course the pockmarked man lost occasionally, but it was plain to me that such losses were intentional. At times his luck seemed to be very poor, while that of the plainsman was never very good or very bad. How the dice could be manipulated, as I was sure they were, I could not conceive, but while I was racking my brain to discover the plainsman had lost several thousand dollars, and the pile before him had been reduced to nearly nothing.

'While in that country I carried no valuables. In my trousers pocket I had a silver watch worth perhaps $5. Having an appointment at 10 o'clock, I pulled out my watch, as I thought, to note the time, but instead drew forth a pocket compass, an article I needed constantly. What was my astonishment to see the needle vibrate feverishly, and when it settled, instead of pointing to what I had supposed was north, it pointed due east. The men at the table were so immersed in their game that I did not ask them where the north pole lay, but turned to a man behind me. He told me it was where I supposed it was.

Here was new food for thought. I looked at the table and saw that under its top there was an inclosed space about a foot square. I wondered why a place like that should be in a dice table. Then it occurred to me that there was something in it to influence the dice. From that I argued that this something also influenced my needle, therefore it must be magnetic.

"Stranger," I said to the pockmarked man, "what's in the box under the table?"

He glanced at me without reply. The plainsman bent down, then, putting his hands to the table top, gave a lift. The top came off and exposed the interior of the box. There in plain view was a horseshoe magnet, or, rather, a telegraphic machine. The plainsman whipped out a revolver and covered his antagonist.

"Thank ye, stranger," he said to me. "Please look into it while I see that you have fair play. Hands up, please!" to the pockmarked man.

The order was obeyed, and I made the examination. Inside the table, besides the magnet, was a battery connected by insulated wires running inside a leg of the table, with a button about midway down. On one face of the dice were metal disks. When the gambler wished these disks to fall face on the table he would press the button with his knee, turn on a current, and the magnet drew them down. Without the current they fell by chance. Over the disks was a thin coating the color of ivory.

The plainsman kept one eye on the man he covered, while with the other he reappropriated all the money he had lost. There was no disposition on the part of any one in that country at that time to punish such rascality, and as soon as he had got his own he went out, asking me to go with him. When we were alone together he said:

"Young man, I've got a thousand dollars to give you for the secret you found out about what was inside that table."

I replied that I never gave nothing for something, but he was welcome to the secret, and I told him how my compass had been influenced by the battery. He seemed very much interested and pleased, remarking that he must have "one o' them pizen p'intin' little things" himself, and offered me the thousand dollars for mine. I declined this new method of rewarding me for saving his money from the pockmarked man, who, by the bye, was connected with the gambling den, whereupon he said the least I could do was to "shake," which I did.

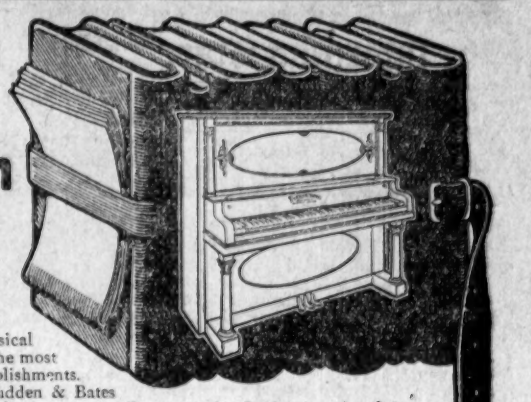
Teach The Children Music, Too!



A complete musical education is one of the most valuable of accomplishments. By means of the Ludden & Bates Piano Club, it is surely the most easily acquired. By joining the club now forming, members can not only secure a beautiful high-grade piano at about two-thirds its real value, but can also arrange for a complete course of musical instruction *without a cent of cost.*

The Ludden & Bates New Scale PIANO

is a splendid $400 instrument, with a life-time guarantee backed by our record of nearly 40 years of honest dealing. Our club plan saves all the ordinary expense of piano selling; makes it as easy for us to sell a hundred pianos at a time as to sell one. It not only saves our members $113 in cash, but gives them the use of the piano *at once,* just as soon as their application is accepted.

The Ludden & Bates Club Piano is a full cabinet grand with special copper wound and steel strings, balanced scale, double repeating action, light, even touch, and genuine ivory keys. Beautiful cases of walnut, mahogany or oak. Rich "singing" tone, found only in the highest grade of pianos.

In case of death of the head of the family, we cancel the club contract, and make the member a present of the unpaid balance.

Write us at once for an application blank and complete description of different styles of finish. In this way you can make a selection that will delight you. You can leave the question of tone to us. We will see that you get a perfect instrument. A well made, attractive stool and a beautiful scarf go with each piano. Write for full information of the club that is now forming.

LOCAL DOTS.

—Supt. John T. Yates, of the fire alarm system, desires to notify the people in the vicinity of Nutt and Brunswick streets, that fire alarm box No. 41 has been moved from the west to the east corner.

—A deed was recorded yesterday conveying from T. E. Sprunt and others to William L. Moore, for $500 and other considerations, a parcel of land containing 18 1-2 acres, between Wilmington and Scott's Hill, near the two-mile post, south side of the old Wilmington and Topsail Plank road, for $500 and other considerations.

—Justice Bornemann yesterday rendered a decision in the case of J. D. Stephano against the Carpenter Grocery Co., awarding the plaintiff the full amount of damage asked for. The Carpenter Grocery Company, through its attorney, Herbert McClammy, Esq., gave notice of appeal to the Superior Court.

—The public is asked to note the change in the hour from 8 to 7:30 o'clock for the evening services at Immanuel Presbyterian Church on Sundays. Tomorrow evening at 7:30 o'clock the congregation will have the pleasure of hearing Rev. J. M. Wells, D. D., of the First Presbyterian Church.

—Friends will be interested in the announcement of the forthcoming marriage of Miss Susie E. Davis, daughter of Mr. and Mrs. I. S. Davis, of Southport, and Mr. Clarence Elbert Hill, of this city, the wedding to take place on the 23rd at the residence of the bride's sister, Mrs. W. L. Williford, in Wilmington, No. 301 North Second street.

—The registrars for the forthcoming bond election will be at their respective polling places today until 6 P. M. for the purpose of enrolling the names of any voters who may desire to participate in the election on Thursday, the 24th of the present month. This is the last day for registration for this election and it behooves all voters to see that their names are on the books as this is an entirely new registration.

"THE GARDEN SPOT"

Young German Citizen of Energy and Means Locates in New Hanover.

After traveling extensively all over the United States and in parts of Canada, Mr. Rudolph Zletz, a young German citizen of energy and means, has recently located in New Hanover county for the purpose of engaging in truck growing, declaring in all his travels that he has not seen a more desirable location in the States than New Hanover county as a place of residence. He has just purchased a tract of 16 acres of land near Wrightsboro, a mile from the Castle Haynes road, where he has already taken up his residency. The farm was purchased at a cost of $60 per acre, which would have been regarded as fabulous five years ago, but Mr. Zletz is charmed with the place both on account of the fertility and adaptability of the soil and its easy accessibility to market. New Hanover county and the State is always pleased to welcome into their bounds such people as these.

Attempted Criminal Assault.

Richard Rollins, colored, 28 years of age, employed at the box factory, was committed to jail early this morning by Justice Bornemann and Constable Savage, charged with an attempted criminal assault upon Delia Jackson, a colored girl under 14 years of age, who lived next door to Rollins near Third and Wright streets with Rev. A. B. Joyner, colored, by whom she was raised. Rollins was committed in default of $500 for his appearance for trial before Justice Bornemann at noon today.

—Friends of Mrs. D. O'Connor, who recently suffered an attack of pneumonia while on a visit with Major O'Connor to Peoria, Ill., will be glad to know that the latest advices are that she is very much improved and hopes to be able to return to her home soon. Mrs. E. K. Bryan, her daughter, left Monday to be with her mother in her illness.

Pender Chronicle: "Mr. John W. Brown, of Wilmington, an experienced hardware man, has been with the Pender Hardware Co. this week assisting in arranging their stock for the Fall and Winter trade.——Mr. Midas Moore, of Wilmington, has been the guest of his parents, Mr. and Mrs. Mangum Moore, for several days. Mr. Moore contemplates accepting a lucrative position at Thomasville."

—Messrs. E. P. Boatwright and Harry Boatwright, of Portsmouth, Va., have arrived to be with their father, Captain John L. Boatwright, who suffered a slight stroke of paralysis on Wednesday night. One hand and the power of speech is affected but friends will be glad to know that he was holding his own splendidly yesterday and every hope is held out to family and friends by the physicians in attendance.

—Pender Chronicle: "The friends of Mr. and Mrs. A. H. McLendon will be glad to learn that their daughter, Scenie, who underwent an operation for appendicitis at the James Walker Memorial Hospital last Monday, stood the operation well and is getting along nicely. She was taken ill Sunday, and her parents, accompanied by their physician, took her to Wilmington Monday morning and the operation was performed at 11 o'clock by Dr. Burbank. Mrs. McLendon remained in Wilmington with her daughter."

ROADS AND DRAINAGE

(Continued from first page.)

and highly commended the work being done in New Hanover.

Chairman D. McEachern, of the Board of County Commissioners and actively in charge of the road improvement of the county, and Messrs. Hugh MacRae and J. A. Taylor, both of whom as Aldermen just after the recent revolution, had much experience in macadam construction, were able to draw Mr. Eldridge out to his fuliest capabilities as a practical expert road man and his address proved a real treat for everyone present. Congressman Godwin, at the earnest request of those present, consented for Mr. Eldridge to remain in the city today instead of accompanying he and Mr. Wright to Whiteville this morning, in order that he may speak in the Court House at 11 o'clock this morning and the public will find it an inspiration of their civic pride to listen to him.

Appointments For Today.

As stated above Mr. Godwin and Mr. Wright will leave on the early morning train where they will address a mass meeting of farmers and landowners of Columbus county. This afternoon they will drive over to Clarkton Bladen county, and will be joined there by Mr. Eldridge for a meeting tonight. On Monday the party will address a mass meeting of citizens at Lumberton, Robeson county, and on the 15th, the party will be in Cumberland. Mr. Godwin deserves much credit for securing the services of these gentlemen for the people of his district. Their work upon this itinerary will make materially for the internal improvement of this section.

The Drainage Convention.

The gentlemen here yesterday were enthusiastic over the work of the Newbern convention. A permanent organization as the North Carolina Drainage Association with Mr. John A. Wilkinson as president was effected, a vice president being named from each county as follows:

P. H. Morgan, Currituck; F. F. Cahoon, Pasquotank; J. H. Small, Beaufort; W. S. Davenport, Washington; A. B. Croom, Jr., Pender; J. J. Wolfenden, Craven; E. M. Koonce, Onslow; John C. Parker, Jones; W. S. Chadwick, Carteret; J. T. Butler, Columbus; P. Rourk, Brunswick; S. S. Mann, Hyde; O. L. Clark, Bladen; J. A. Brown, New Hanover; Dr. H. C. Lilly, Cumberland; W. G. Ferebee, Camden; E. W. Myers, Guilford; D. M. Patrick, Greene; J. O. Wright and C. R. Vandecarr, vice presidents at large; Dr. Joseph Hyde Pratt, secretary and treasurer.

THE POPPY DANCE.

Enjoyable Hop Last Night at Lumina Odds and Ends Next.

The beautiful Poppy dance took place at Lumina last night and a good sized crowd was in attendance. The place was prettily decorated with poppies and poppy vines. Many beautiful baskets of flowers hung from the ceiling, the large center piece consisting of a large flower basket with many beautiful white sea gulls encircling it.

The souvenirs for the occasion were pretty red poppy hats—the hat being in the form of a large poppy. They were voted by all the daintiest favors of the season.

There will be one more favor dance given at Lumina this season. This will take place Tuesday night. The souvenirs for the occasion will be an assortment of all the different souvenirs given at Lumina this season and this should be a very jolly affair. This dance will be called the "Odds and Ends" dance.

Columbus Court Adjourns.

Solicitor N. A. Sinclair, of Fayetteville, arrived in the city on the late train last night from Whiteville where he has been holding Columbus Superior Court. Judge Biggs returned to Durham via Florence and will enjoy a two weeks' respite from his judicial duties. No cases of special importance were tried during the week at Whiteville, though six white and 12 colored defendants in petty cases were sentenced to the county roads.

Sheriff's Appointments.

Sheriff Cowan about the middle of October will begin his rounds of places in the county for collection of taxes for the convenience of those who cannot otherwise reach the city to pay them in the office. He will be at Masonboro Hall Monday, October 12th; Stokley's Store, Wrightsville, October 13th; Seven Mile Post, October 14th; Capps' Store, Federal Point, October 15th; Castle Haynes, Blossom's Store on Friday, October 16th.

Winter Schedule Begins Monday.

Beginning next Monday the Winter schedule of the steamer Wilmington will go into effect. The Wilmington on the new schedule will leave here daily at 9:30 A. M. for Southport, returning at 5 P. M. with stops at Carolina Beach. The machinery of the Wilmington has recently been thoroughly overhauled and the boat is in good condition to resume her Winter schedule

BEAVER BAY IS BURNING.

Minnesota Fire Sufferers Appeal to Governor For Aid.

Duluth, Minn., Sept. 11.—Beaver Bay on the northeast of Duluth is reported to be burning. The citizens have appealed to Governor Johnson for aid. The Booth ship America has gone to the rescue. Forest fires rage all over Lake and Cook counties. Hundreds of homesteads have been burned and 2,000 people are homeless. Grand Marais, 100 miles from Duluth on the north shore, is on fire. The training ship Gopher is taking the citizens on board. Latest reports say the fire has overwhelmed the fighters. The town appears to be doomed and it is feared that before morning 1,500 people will be homeless there.

An official statement of the cholera situation in St. Petersburg shows that yesterday there were 58 new cases and eight deaths from the disease and that there are 107 patients in hospitals ill with it.

THE DEMAND FOR TAFT

Many Calls From All Part of Union For Speeches by Him.

New York, Sept. 11.—Since the announcement that Mr. Taft would make a number of speaking trips during the campaign the demand for him has been so great that Chairman Frank H. Hitchcock, of the Republican National committee, is having difficulty in arranging a satisfactory itinerary. Practically every State wants him and it is possible that he may swing around a circle, speaking in every State where the result is not a foregone conclusion.

It had been planned that Mr. Taft should leave Cincinnati about October 1st but that date has now advanced about a week. The first week of his speaking engagements will be given over to the middle west and after that he may go to the inter-mountain country. The last week of the campaign will be spent by Mr. Taft in New York and other Eastern States.

Two big Republican meetings are now being arranged for New York City. Senator Beveridge will address a meeting to be held at Carnegie Hall on September 25th and Senator Foraker will make his first address of the campaign at a meeting to be held at Camp Taft on 12th street on October 1st.

The Richmond Blues, the crack military company of Virginia which went to New Haven Wednesday night as the guest of the Second Company Governor's Foot Guard left there yesterday for Providence. The visitors were escorted to the station by the foot guards.

A Star Business Local Is a Business Winner

BRYAN IN WEST VIRGINIA

Delivered Several Speeches on Issues of the Campaign and is Greeted With Enthusiasm—Eventful Day in Ohio.

(By Wire to The Morning Star.)

Wheeling, W. Va., Sept. 11.—William Jennings Bryan, the Democratic candidate for President, this afternoon and tonight was West Virginia's guest. A royal welcome was accorded him as his private car "Olivette," containing himself and party, and a big reception committee, crossed the Ohio river and entered this city. The river front was a mass of humanity and as the Democratic candidate stepped on West Virginia soil he was cheered to the echo. His car was stoped directly in front of the hotel, but so immense was the crowd that even the combined efforts of the police could not prevent him from having to struggle through.

Speaking tonight to a multitude of persons on the very shore of the river itself and with the State of Ohio directly opposite, Mr. Bryan pointed out the differences in the two platforms and made a plea for Democratic support. He made frequent reference to Mr. Taft and told his audience that the Republican candidate was conducting his campaign on a platform so obnoxious to him that he was forced to continually patch it up with amendments of his own. Much stress was laid on the labor and anti-injunction planks of the Democratic platform, his remarks on this subject being applauded by many unemployed workmen from the Ohio Steel plants in this vicinity.

The visit to Wheeling was the climax of an eventful day in Ohio, the native State of Mr. Taft. From the time the Democratic candidate left Columbus, early in the morning until he crossed the Ohio river into West Virginia, the crowds which gathered along the line of travel made insistent demands for his appearance and to "talk to us a little."

At Steubenville a large crowd gathered and from a railroad truck beside the track while his car was being shifted to another train, Mr. Bryan addressed them. As he had done at other points in the State, he hurled shafts of ridicule at Mr. Taft whose speeches he declared had darkened rather than illuminated the subjects which compose the Republican platform.

Mr. Bryan put to his audience these questions: "How many of you believe that United States Senators should be elected by direct vote of the people? How many of you believe that we ought to have a publication of campaign contributions, that is, above a reasonable minimum before election?" A sea of hands went up.

"Now," said Mr. Bryan, "by your votes you have declared that you stand on the Democratic platform instead of on the Republican platform."

Altogether the receptions of the Democratic candidate in Ohio and in this city were among the notable happenings of the campaign.

EVIDENCE IN CONTEMPT CASE.

Secretary Frank Morrison Examined. Proceeding Against Officials.

(By Wire to the Morning Star)

Washington, Sept. 11.—Frank Morrison, secretary of the American Federation of Labor, was on the witness stand three hours tonight before Albert Harper, who was appointed by Justice Gould as examiner to take testimony relative to the charge against Morrison, Samuel Gompers, president and John Mitchell, vice president of the Federation, that they were in contempt of court for alleged violation of an order forbidding the publication of the name of "Bucks Stove and Range Company, of St. Louis, Mo." in the "We Don't Patronize List" of the Federationist.

The hearing proceeded slowly, Morrison's testimony being intended as a foundation for subsequent investigation.

Morrison will conclude his testimony tomorrow afternoon and will be followed by Gompers.

Mr. Morrison said he remembered Justice Gould's opinion and was familiar with the contents of the injunction subsequently issued by the court forbidding the publication of the stove company's name in the "We Don't Patronize List." He remembered that Justice Gould refussd to modify the order but had no special recollection of a resolution passed at the Norfolk convention of the Federation relative to a "campaign of education among laboring men," with special reference to President Van Cleave, of the stove company.

Upon Attorney Davenport producing a report of the convention proceedings, Secretary Morrison said he knew that such a resolution was offered and adopted.

He refused to say whether the incorporation with President Gompers endeavored to carry out the spirit of the resolution.

In support of the charge of contempt Attorney Davenport offered in evidence a copy of a circular, issued by the officials calling on labor organizations throughout the country for funds to aid in the defense.

The celebrations yesterday throughout Russia in honor of the 80th birthday of Count Tolstoi passed off quietly. No arrests were made anywhere. On the contrary, the authorities at the last moment re-taxed the severity of their orders prohibiting celebration and permitted the people to give special theatrical performances of Tolstoi's plays on the promise that political demonstrations would not be attempted.

Returns on the Democratic primary vote throughout the State of Washington are meagre but based on figures received up to this time the Democratic nominations will be as follows: United States Senator G. F. Cotterall; Governor, John Pattison; Lieutenant Governor, A. C. Edwards.

BREAKING THE RECORD

Orville Wright Makes Another Successful Flight With His Aeroplane—Making a Speed Test—Success.

(By Wire to the Morning Star.)

Washington, Sept. 11.—In a fight lasting one hour, ten minutes and twenty-six seconds, Orville Wright late today surpassed all his previous exploits for a time and distance flight for a heavier-than-air machine. The flights were made at Fort Myer, Va., today the first being of ten minutes and fifty seconds duration, for the purpose of showing what rate of speed he had been traveling during his long flights of the past three days. Today's test demonstrated, according to the aviator's calculation, that the speed of the aeroplane during the record-breaking flights of Wednesday and Thursday was 39.55 miles an hour.

Before making the first flight, Mr. Wright said: "I want to make a flight of about ten minutes in order to see how my present speed compares with what I made at Kitty Hawk, N. C."

Starting at 4:41 o'clock the aeroplane made nine rounds of the drill grounds and then, landing within a few feet of the thousand or more spectators, Mr. Wright computed the speed of his record breaking flights. "We made 44 miles an hour at Kitty Hawk, with a little less power. Of course the turns there were much longer and, therefore, did not impair the speed as much as the turns I make here."

Those who witnessed today's long flight were roused to great enthusiasm when the aviator for the third successive day broke his best previous record. Fifty-seven times the machine passed over the starting point during the seventy minutes and 24 seconds that it was up. Twice the aeroplanist described the figure "8" showing that he could control his machine in any direction. A feature of the landing was that he did not stop the motor until the machine touched the ground.

24-HOUR AUTO RACE

Big Feature at Brighton Beach—President Gave Signal.

(By Wire to the Morning Star.)

Brighton Beach Race Track, N. Y., Sept. 11.—Under the glare of searchlights and watched by twenty thousand persons, eleven high powered racing automobiles, driven by the most daring drivers in the world, started on a twenty-four hour race tonight around the little saucer-shaped track at Coney Island. The journey is fraught with peril to the drivers and before midnight there had been one serious accident, Sartori, a French driver, being badly hurt and his mechanician painfully injured.

President Roosevelt gave the signal to start the race by telephone from his home in Oyster Bay and at 8:30 o'clock the eleven cars darted away on their dangerous journey.

The terrific pace mantained by the racers is shown by the time made by Robertson, a member of one of the American trams.

At the end of the first hour he had made forty five miles and was sixth, but at the end of the second hour he had made 101 miles and was first, his run during the second hour being fifty-six miles.

So great was the interest in the race, that the crowd did not diminish as midnight approached.

WARM WIRELETS.

Lee Strother, a negro was hanged at Madison Court House, Va., yesterday for attempted criminal assault on Leola Fry, a young white woman. He made a full confession and stated that the crime was his second one.

Sam Massey, colored, was sentenced yesterday at Salisbury, N. C., to hang November 13th for criminal assault on Lucy Houser, colored missionary at Statesville, N. C., and a woman of culture.

The Democratic State Convention yesterday at Pueblo, Colo., finished the work of selecting a State ticket. John E. Shafroth, of Denver, was nominated for Governor and H. R. Fitzgerald, Sam Miguel county for Lieutenant Governor.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaints, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Wilmington testimony:

W. L. Johnson, 602 N. Fifth street, Wilmington, N. C., says: "Doan's Kidney Pills have been used in my family and have given entire satisfaction. My wife suffered for some time from backache and distressing pains in the region of her kidneys. The irregular action of the kidney secretions was also another source of annoyance to her. I finally procured Doan's Kidney Pills from Robert R. Bellamy's drug store and had my wife take them. They soon relieved her suffering and improved her general health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A LESSON IN DETECTIVE WORK.

[Original.]

How did I happen to go into the detective line? I was put in it by a singular coincidence. I had no more idea of being a detective than being president of the United States. I never developed any fancy for such work, never read detective stories or took any interest in the methods of how real cases were managed. What I did hear of such matters they filled me with a belief that this business of noticing how far a match was burned or which end of a cigarette was lighted first to gain a clew had nothing to do with tracing criminals.

One day I was in a street car going home from a bank where I was employed on a fairly good salary when I saw a man fumble in his pocket for change to pay his fare. A few minutes later a woman picked up a folded bill off the floor and handed it to him, asking him if he hadn't dropped it. He unfolded it, cast a glance at it, paled slightly and handed it back to her in a hurry, denying the ownership. The woman asked one or two people sitting near if they had dropped it, but they all said they thought they had not. I asked the woman to let me see it. It didn't take me long, backed by my banking experience, to decide that it was counterfeit.

This was the first time I ever showed a faculty for detective work. I noticed that no one showed any unusual emotion in looking at the bill except the man who was supposed to have dropped it; therefore there was a probability that he was a counterfeiter. But I said nothing, simply handing it back to the woman.

But my curiosity had been aroused. Curious to follow up the matter, when the man who had paled got out I got out, too, and followed him at a distance. He entered a hardware store, where he purchased several articles. I didn't know what they were, but one of them was a hammer with a big end suitable for beating anything flat. Another was a crucible for melting metals. When he went out I snatched the bill he had paid the salesman, expecting to see a counterfeit, but in this I was disappointed. It was good money.

Well, I tracked the fellow to a room at the top of a business building, where he had a shop. I knocked at the door. He opened it, but did not bid me enter. I told him I had something to say to him and wished to go inside. He said he was making a certain contrivance that was not yet patented and no one was allowed to enter the premises where the work was done.

Mind you, I was no detective. I was merely indulging my curiosity. A detective would have gone away and come again prepared to act as an officer of the law. I simply accused the man of counterfeiting, stating what I had seen in the car.

He stood looking at me a few moments appalled, then said, "What's Moll Brown going to give you for helping her?"

"I don't know Moll Brown," I replied, "and I'm in no one's employ in this matter. I'm only doing it for fun."

"Come in here and satisfy yourself," he said.

I went in and found an article for sweeping floors manufactured and in process of making. Then he explained: "Moll Brown was the woman who tried to fix the counterfeit bill on me. I was intimate with her once and was to have married her, but I found out she was bad and shook her. She's sworn to have her revenge."

Resolved to follow the matter up, I took Moll Brown's address. I felt sure she had got the counterfeit bill from some one interested in making or passing it, or both, and couldn't refrain from getting at the bottom of the matter. I cooked up a reason for making her acquaintance and went to see her. At this point I began some real detective work. I got her confidence and told her that I was looking for some easy way of making money. After a good deal of beating about the bush she agreed to tell me where I could get some "queer" to put out and gave me the address of the man I had shadowed. I didn't want any better proof of his story. She was bent on his ruin and would have included me if it suited her convenience. I delayed about going to the man she named and continued to watch her.

Accident helped me. One evening when I visited her a man called on her whom I spotted at once. I went away, leaving him with her, and when he came out shadowed him. He went to a place that I fancied, putting this and that together, might be a den of counterfeiters. I put the police on to the matter. They surrounded the building where the supposed den was, then closed in and, sure enough, trapped a party at work making spurious bills.

If the woman in their secret had not been bent on getting revenge, they might all have been making false money to this day. The woman was convicted with the rest, and the man she tried to injure was the most grateful fellow to me you ever saw. As for me—well, having got a taste for detective work, I accepted a position in an agency.

The case has influenced all my subsequent work. I never consider a clew, especially one that seems very plain, of much value until I have proved it to be such. What I rely on most is the want of stamina among those who are guilty of crime in standing by each other. Another valuable lesson I learned from the case is that revenge often plays an important part in fixing crime both where it is and where it is not.

MERRICK AUGUR.

"Whipped" From a Lunatic Asylum.

Among the amusing anecdotes told of parliamentary life Sir Henry Drummond Wolff in "Rambling Recollections" gives the following as an example of skillful "whipping:"

"At the time of an important division a member happened to be confined in a lunatic asylum. Every vote was necessary. Arrangements were therefore made to deliver him at the house at the moment required, and he was received by the 'whip' of his party, who induced him to walk through the lobby by preceding him with a stick of barley sugar in his hand. This I believe to be a perfectly true story."

Jack Ketch.

Jack Ketch has long been a synonym for the public executioner and is derived from Richard Jaquett, who formerly owned the Manor of Tyburn now the ground upon which stands the marble arch and where the Bayswater and Edgware roads meet.

Here some few yards westward of the arch stood Tyburn tree, and to it and to the tender mercies of its owner and presiding genius, Jaquett, came the highwayman or the horse thief or the housebreaker in a tumbrel from Newgate.—Dondon Mail.

A Canine Suicide.

"What has become of that fine greyhound your wife gave you?"

"Suicide."

"Honest?"

"Yes. He tried to nab a flea on the small of his back and, miscalculating, bit himself in two."—Exchange.

Pride Sets the Pace.

We are a great people because we make such a hullabaloo about the things to do, because we accomplish them to the music of the band. Our pride has set the pace, and it's our pride that keeps us up till we drop.—Cleveland Plain Dealer.

No Brother Needed.

"But I shall always be a brother to you," he murmured.

"If I had any use for a brother," she replied sweetly, "I could reach under the sofa and get one right now."—Philadelphia Ledger.

SPIRITS TURPENTINE

—Goldsboro Argus: The first installment of steel rails for the Goldsboro street railway have arrived and been received and unloaded by the Goldsboro Traction Company.

—Clinton Democrat: The Clinton tobacco market thus far this season surpasses anything done heretofore; both in the quantity of tobacco bought and in the way of general satisfaction given the planters.

—Kenansville News: Colonel Thos. S. Kenan, of Raleigh, has kindly offered $50 toward the tuition of any boy in the flooded portion of Duplin who intended attending the Grove Academy, but was kept away on account of the loss by the flood.

—Gastonia Gazette: A gentleman who lives in the Point section of the county is authority for the statement that the damage to crops along the Catawba river bottoms is not so great as was first thought from the recent high waters.

—Clinton Democrat: The L. C. Graves Memorial Presbyterian church at Clinton will soon be completed. The congregation purpose to have the church dedicated on Thanksgiving day, and will make the occasion a memorable one in the history of the church.

—Fairmont Messenger: Last Saturday we were shown an apple by Mr. J. C. Griffin, that was grown on his farm, that was a wonder. It is by far the largest apple that we have ever seen. It is of the Buckingham variety, it weighs 17 3-4 ounces and measures 5 inches in diameter by 15 1-4 in circumference.

—Greensboro Record: Early in October the foundation will be laid for another handsome and modern dormitory building at Davidson College Dr. Henry Louis Smith, president of the institution, has the plans in charge and will select a building architect within the next week or two.

—News and Observer: By a unanimous vote of the students of the Agricultural and Mechanicle College, hazing in all forms was yesterday ended at that institution. The students had been considering this step ever since the opening of the term, and President Hill and his co-workers in the faculty are delighted at the elimination of this college evil.

—Charlotte Observer: The North Carolina Medical College opened yesterday morning with appropriate exercises and promising attendance. There were about 50 young men who presented themselves for the year's work on the opening day and the faculty anticipates this many more in the course of a week or ten days.

—Kinston Free Press: A peculiar human monstrosity is now on exhibition, in a tent on Pollock lot. The freak, styled "The Frog Child," is a negro man so terribly deformed as to greatly resemble a frog. He was in Kinston 28 years ago, at that time weighing but nine pounds. Today he weighs 120 pounds, is 29 inches tall, and is apparently in good health.

—Durham Sun: The family of Mr. C. T. Evans, a well known tobacco auctioneer at Creedmore, had a narrow escape from being roasted alive at their home during the thunder storm night before last. The home and furniture were burned as the result of lightning striking the house and the family would have been roasted alive but for the assistance rendered by the neighbors.

—Fayetteville Observer: The Fayetteville Street Railway and Power Company signed a contract yesterday with the Ideal Electric Company of Charlotte, N. C., for putting up poles and trolley for operating the cars by electricity. This work is to be completed in about five weeks, so we will have electric cars running by the Fair. This company, since the building of the street railway here, has been and is now using 40-horse power gasoline motor cars.

—Asheville Citizen: It is off today for the United States penitentiary at Atlanta that Rev. W. G. Whitaker will go to serve the 18 months' sentence imposed on him by Federal court at the present term for using the mails to defraud in connection with the supposedly fictitious millions and millions held by the Bank of England for the heirs of Captain John Whitaker, who in 1776 loaned King George a million pounds sterling to help in the war against the American colonies.

—Charlotte Observer: Charlotte people are looking forward to the municipal convention which is to be held in this city in November with a maximum of interest. For months past there has been much talk of a commission form of government for Charlotte and this is the plan, with changes of more or less importance, which is being embodied in the new charter. The committee having this work in charge is "making haste slowly," and investigating every feature before accepting it for municipal purposes. The municipal convention will bring to Charlotte several prominent experts in governmental affairs, one of the best known perhaps of whom will be the mayor of Houston, Texas.

—St. Louis, Mo., Sept. 10.—It was announced today that Rev. W. B. North, who has officiated at a thousand weddings in the three years that he has been pastor of the Clayton Southern Methodist church, will be transferred at the annual conference next week to North Carolina. During the year just closing he averaged a wedding for every day. He has officiated at 150 elopements in which he says his sympathies were with the young people and his judgment with the old folks. He has been in the St. Louis Conference eighteen years. Before coming to Clayton he was stationed at De Soto. Before coming to Missouri he held the chair of mental and moral science in the North Carolina State University.

ELECTION NOTICE.

The Board of Commissioners of New Hanover County, in accordance with the provisions of an Act of the General Assembly of North Carolina passed at its 1907 session, entitled "An Act to empower the Board of Commissioners of New Hanover County to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given do hereby call, and give notice of an election to be held by the qualified electors of New Hanover County on Thursday, the 24th day of September, 1908, between the hours of sunrise and sunset, to determine whether New Hanover County shall issue Fifty Thousand Dollars of its bonds, with interest coupons attached, to continue and complete the repairing construction and improvement of the public roads and bridges in said county.

At said election the ballots tendered and cast by the qualified electors shall have written or printed upon them, "For continuing and completing the construction and improvement of the public roads and bridges of the county," or "Against the continuing and completing the construction and improvement of the public roads and bridges of the county."

All qualified electors who favor the issuing of said bonds shall vote: "For continuing and completing the construction and improvement of the public roads and bridges of the county," and all qualified voters who are opposed to the issue of said bonds shall vote: "Against the continuing and completing the construction and improvement of the public roads and bridges of the county."

For the purposes of this election, as authorized by said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the registrars and judges of election in said several townships, precincts and wards, to-wit:

Cape Fear Township.
Polling place—Blossom's Store, Castle Hayne. Registrar, Wm. B. Hand. Judges of Election, W. H. Shearin and J. H. Johnston.

Harnett Township—Second Division.
Polling place—Township House. Registrar, J. A. Everett. Judges of election, James N. Shepard and Geo. R. Smith.

Masonboro Township.
Polling place—Township House. Registrar, W. H. Biddle. Judges of election, William Lumsden and Andrew Capps.

Federal Point Township.
Polling place—Capps' Store. Registrar, Henry Taylor. Judges of election, J. A. Biddle and Hill Williams.

Wilmington Township—First Ward.
Polling place—Fourth Street Engine House—Registrar, W. T. Skipper. Judges of election, G. H. Heyer and C. L. Spencer.

Wilmington Township—Second Ward.
Polling place—Old Court House. Registrar, W. W. Hodges. Judges of election, T. W. Wood and W. E. Worth.

Wilmington Township—Third Ward.
Polling place—Giblem Lodge. Registrar, C. H. Ward—Judges of election, L. B. Rogers and L. B. Sasser.

Wilmington Township—Fourth Ward.
Polling place—Worth's old Ice House. Registrar, W. H. Lane. Judges of election, Roger Moore and W. A. French, Jr.

Wilmington Township—Fifth Ward.
Poling place—Engine House, Sixth and Castle streets. Registrar, J. H. Sykes. Judges of election, R. A. Burnett and W. W. King.

The registration books of each township, ward and precinct will be kept open between the hours of nine o'clock A. M. and sunset on each day, Sundays excepted, for twenty days, beginning the 20th day of August, 1908, for the registration of electors; and the said books shall be closed for registration at sunset on the second Saturday before said election to-wit: the 12th day of September, 1908; and on Saturday, the 22nd day of August, 1908, and on the 29th day of August, 1908, and on the 5th and 12th days of September, 1908, the Saturdays following, the Registrars will attend, with their registration books, at the polling places in their respective townships, wards or precincts, for the registration of electors. The Registrars will attend the polling places of their respective townships wards or precincts, with the registration books, on Saturday preceding the election, to-wit: the 19th day of September, 1908, from the hour of nine o'clock A. M. until the hour of three o'clock P. M., when and where the said books will be open for the inspection of the electors of said township, ward or precinct and any of said electors shall be allowed to object to the name of any person appearing on said books.

This 17th day of August, 1908.

By order of the Board of Commissioners of New Hanover County.

D. McEACHERN,
Chairman.

JOHN HAAR, Clerk.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Sept. 11.—The cotton market showed quite a firm tone during today's middle session but eased off again and later closing steady at a net decline of 7 to 10 points. Sales were estimated at 225,000 bales.

The market opened steady at a decline of 5 to 7 points and during the first few minutes active months sold at a net loss of 8 to 10 points owing to lower cables than expected and reports of increased Southern offerings. But apprehensions that the tropical storm which was said to be traveling northwestward from the West Indies and the posting of storm signals in Texas coast, together with a crop report by a prominent Georgia authority indicating a further reduction in the prospective yield caused covering during the middle session while it was also said that some of the large spot dealers had denied that offerings from the eastern belt were easier. The rally carried October up to 8.83. The close was at practically the lowest prices. Southern spot markets officially reported early were 1-16c lower to 1-8c higher. Private cables from Liverpool attributed the disappointing cables to increased hedge selling in a narrow market.

Receipts at the ports today 29,758 bales against 12,345 last week and 19,605 last year. For the week 110,000 bales against 79,332 last week and 59,150 last year. Total today at New Orleans 1,351 bales against 559 last year and at Houston 7,087 bales against 7,170 last year.

Spot quiet, 10 points decline; middling uplands 9.40; middling gulf 9.65; sales none. Futures opened and closed steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Sept. 11.—The dry goods jobbers continue to do very good trade in small lots for shipment in wide territory. Cotton yarns are easier. Cotton goods are in slightly better demand in primary markets. The local wool market remains generally quiet purchases of carpet wools especially being light.

BRADSTREET'S TRADE REVIEW.

(By Wire to The Morning Star.)

New York, Sept. 11.—Bradstreet's tomorrow will say:

The advance of the fall season and the notable enlargement of the movement of cereals and cotton to market at good prices have made for a further moderate expansion in jobbing and retail trade and collections. This is especially marked at Western Pacific coast and Southern centers, but the point is made that agricultural sections have done better relatively than large industrial cities in the matter of retail trade, possibly of warm weather or the reduced purchasing power paid for farm products. Industries of city workers and the high prices have shown some improvement, notable in this respect being coal and lumber interests. There is an increase also reported in blast furnace capacity and there is more doing at the paper mills. In the textile trades little change is noted and while the fall demand for dry goods, millinery and kindred lines has improved the consensus of reports is that buying is frequent rather than heavy and conservatism rules purchasing.

Business failures in the United States for the week ending September 10 number 191 against 210 last week, 172 in the like week of 1907, 164 in 1906; 188 in 1905 and 167 in 1904.

The total reported this week is the smallest noted since last October.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, Sept. 11.—Money on call steady 1 1-2 to 2 per cent.; ruling rate and closing bid 1 3-4, offered at 2 per cent. Time loans steady; sixty days 2 1-2, ninety days 2 3-4 to 3 per cent., six months 3 1-2 to 4 per cent. Prime mercantile paper 4 to 4 1-2 per cent. Sterling exchange steady with actual business in bankers bills at 4.8485 to 95 for sixty day bills, and at 4.8650 for demand. Commercial bills 4.84 1-4 to 4.84 1-2. Bar silver 51 3-8. Mexican dollars 45.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Sept. 11.—The action of the stock market today was a striking testimony to the important part played by cheap and abundant money supplies in the movement which has carried prices to their current high levels. The stiffening of the money market was very moderate in degree and the available supply remains far from the point of exhaustion. Inroads making on that supply establish its declining tendency, however, and speculation today continued to pay more for loans on calls than for many months preceding. Estimates by the accepted authorities of the week's currency movement to and from the interior indicate the turning of the tide away from New York, the excess of shipments from the city having reached the neighborhood of $2,000,000.

There was less talk of exports of gold today, the slight rise in call money rates having resulted in a fall in foreign exchange. The rise in call money yesterday was traceable to calling of loans by one of the banks engaged in accumulating exchange for the redemption of New York City revenue bonds in London on November 1. There were no reports of actual calling of loans today, but the supply of bank money offering on call was said to be less and this created fears of a definite turn away from the great ease in the situation. While the market was irregular at times, the day's business was done below yesterday's prices, and the prevailing tone was weak.

Bonds were irregular. Total sales, par value $3,988,000. United States bonds were unchanged on call. Total stock sales today were 725,600 shares.

TURKS ISLANDS STORM SWEPT

Town of Grand Turk is Devastated and Number of Lives Are Lost.

A TERRIFIC HURRICANE

Some Anxiety Felt For Safety of District Commissioner Robertson—Streets of Grand Turk a Mass of Wreckage.

(By Wire to The Morning Star.)

Grank Turk, Turks Island, B. W. I., Sept. 11.—A hurricane of great fury swept over the Turks Islands last night and this morning and at day break today the town of Grand Turk was devastated. A number of lives have been lost but just how many cannot yet be said. Grave anxiety is felt for the safety of Dr. T. R. Robertson, district commissioner of Caicos, who was making a tour of the islands when the storm broke.

The hurricane reached here at 9 o'clock last night the wind blowing from the north-northeast. At 4 o'clock this morning the wind had reached a delo velocity of nearly 100 miles an hour and was blowing from the northeast.

Much damage has been done to property here and the streets of Grand Turk are a mass of wreckage. Trees have been uprooted, portion of buildings blown away and many houses have been partially wrecked.

The Haitien sloop Telegraph, which had taken shelter at Hawks Nest, foundered with all hands. The schooner Dan Leon, belonging to the East Caicos Fibre Company, broke away from her anchorage and has not been seen since. All the salt lighters which were moored yesterday at the riding ground and the Hawks Nest are missing.

The Turks and Caicos Islands lie between 21 degrees and 22 degrees north latitude and 71 degrees and 72 degrees 37 minutes west longitude. Their area is 169 square miles. The most important island Grank Turk, is six and one-half miles long and two miles broad. According to the census of 1901 Grand Turk contains 1,751 inhabitants, being one-third of total population. Cockburn harbor in South Caicos immediately opposite Grand Turk, is the principal settlement in the Caicos group.

Grand Turk is the capital of the group and the residence of the commissioner. The town is neat and clean and the inhabitants in spite of the fact that they complain of business depression appear to be well-to-do. There are in the town several consulates, various stores, a good market place and a public library and reading room. There are also an Episcopal church, a fairly commodious court house, a small prison and a school house. The staple export is coarse salt. The islands constitute a dependency of Jamaica.

SIMMONS' SENTENCE CHANGED.

Was Court Martialed at Norfolk For Violating Discipline.

(By Wire to The Morning Star.)

Washington, Sept. 11.—Secretary Metcalf has mitigated the sentence imposed by a general naval court martial convened at Norfolk, Va., in the case of Waldron F. Simmons, chief boatswain's mate, attached to the U. S. Steamship Franklin, receiving ship at Norfolk. Simmons was convicted of conduct to the prejudice of good order and discipline in connection with the trouble between sailors and colored farmers at Norfolk, August 2nd, last during which Simmons is reported to have discharged his revolver. The court found that he was careless in the execution of his orders and had failed to restrain the men of his command from indulging in riotous proceedings, and sentenced him to be reduced to the rating of a seaman, to confinement for two years and to forfeit all but $3 a month of his pay and allowances.

The court was unanimous, however, in a recommendation for clemency at the suggestion of Captain Campbell, Judge Advocate General of the Navy, who reviewed the case, the Secretary of the Navy remitted that portion of the sentence providing for reduction in rating and reduced the period of imprisonment to one year with corresponding police duties and forfeiture of pay and directed further that the execution of the sentence be suspended entirely for one year if the conduct of the accused during that period warranted it.

THE SEAGERT SHOOTING MATCH

The Marion corps Team Wins the Dryden Trophy.

(By Wire to The Morning Star.)

Seagirt, N. J., Sept. 11.—The United States marine corps, winner of the majority of the victories during the present shooting tournament, is the possessor of the Dryden trophy. A team of eight riflemen from Ohio took the lead at the opening of the match this morning and maintained it at 600 yards, but at the final stage, 1,000 yards, late this afternoon the marines forged to the front, winning handily from two other regular service teams and five National Guards teams with a grand total score of 1,089.

The only other event today, the Press match, ten shots at 500 yards, was won by Lieutenant Rogers of Maryland, score 47 out of a possible 50. The other prize winners were Lieutenant Walker, New Jersey second; Lieutenant Voelker, New Jersey, third.

DAVIS IS HELD IN MURDER CASE

Dr. Lord Identifies Him as Person He Met Coming From Rustin's Home.

CHARGED WITH THE CRIME

Was Arraigned in Police Court and Admitted to Bail of $7,500—New Develtpment in Mysterious Murder.

(By Wire to the Morning Star.)

Omaha, Neb., Sept. 11.—"That looks like the man I met coming from the Rustin home the night of the murder," said Dr. J. P. Lord to the chief of police when Charles E. Davis, under arrest charged with the murder of Dr. Frederick Rustin was brought before the court this morning for arraignment.

This was the first time Dr. Lord had been confronted with Davis and his identification of him as the man he saw staggering down Farnam street coming from the direction of Dr. Rustin's home and only four blocks from that point within a quarter of an hour from the time the shot that killed the doctor was fired on the night of September 2nd is one of the strongest links tending to connect Davis with the death of Dr. Rustin.

Davis came to the police station today accompanied by his millionaire brothers to plead to the charge of being a suspicious character which was filed against him some days ago. As soon as he entered the building he was re-arrested on a charge of murder in the first degree and was brought before the court for arraignment.

Standing before the bar Davis listened intently to the reading of the complaint. He was pale but self-possessed. As the reading progressed a red hue overspread his face and at the words "charge the said Davis with wilful and deliberate murder," he swallowed convulsively and bit his lips.

Immediately after the reading of the complaint and the answer of "not guilty" entered by Davis' attorney, an application was made for bail. Court Attorney English advised the court that under the Nebraska laws a charge of murder in the first degree was bailable where the case was not conclusive and recommended that sufficient amount to secure attendance in court when wanted be made.

"Make it as large as you please, we will give it," answered Latham Davis.

Seven thousand dollars was fixed as the bail and immediately arranged by the Davis brothers. The hearing was set for September 24th, after which Davis was released and left the jail accompanied by his two brothers and his attorney.

Frank Graham, auditor of the Omaha National Bank, probably will be the main witness of the Davis brothers in establishing an alibi for Charles Davis in the Rustin murder.

Graham lives at the Chatham. Davis rooms there in apartments adjoining those of Graham. On the night of the Rustin murder Graham says he was awakened by some one in Davis' room vomiting. He got up and looked at his watch. It was just 3 o'clock he says. This information he has given the police and Davis' attorney.

Davis was so dazed on the night of the murder that he has been unable to testify as to when he reached his room. The shooting occurred about 3 o'clock. Davis' room is two miles from the Rustin home and Graham's testimony is important evidence for Davis in establishing an alibi.

FLOWER-HAGAMAN CASE

No Further Developments in Case of Gigantic Schemes of Fraud.

(By Wire to The Morning Star.)

Richmond, Va., Sept. 11.—Though rumors of all kinds are rife, there were practically no new developments in the Flower-Hagaman case today. All now seems to depend on the arrival from New York of a detective, who, it is expected will bring with him papers identifying the parties under arrest and which will throw more light on the past of Mrs. Walter E. Delaware, widow of murdered millionaire, Theodore Hagaman, of New York, and known here as Mrs. Lindsay. The man was expected here tonight, but failed to arrive. Although he is said to be on his way, Major Louis Werner, chief of police, has received no advices from the New York police that he has been sent. The man supposed to have been Dr. Flower has not been arrested.

James T. Reed, assistant postmaster at Newport News, Va., was held yesterday for the Federal grand jury on a charge of embezzlement. Reed is charged with misappropriating over $6,000 which amount has already been made good. He waived examination and the case was not gone into at the hearing. He is a young man who stood high in the church and with fraternal orders. He was released on $1,000 bond.

BRYAN AND TAFT BOTH INVITED

The Two Candidates to Meet at Chicago Assocation of Commerce Anniversary.

NON-POLITICAL MEETING

Inland Waterway to be Matter Discussed—Both Candidates Have Consented to be Present—Taft to Sit on Right.

(By Wire to the Morning Star.)

Chicago, Sept. 11.—For the first time in the history of modern politics two rival candidates for the Presidency of the United States will meet at the same board and address the same audience, when William H. Taft, Republican, of Ohio, and William Jennings Bryan, Democrat, of Nebraska, are to be the guests of honor at the annual banquet of the Chicago Association of Commerce at the Auditorium on the evening of October 7th.

This announcement was made today at the headquarters of the Chicago Association of Commerce which organization already had secured assurances of the presence of the two presidential nominees on different days for the third convention of the Lakes to the Gulf Deep Waterway Association for which the association of commerce will act as host.

Mr. Taft's acceptance was obtained by President Richard C. Hall, Vice President E. S. Conway and Secretary T. E. Wilder, of the Association, who returned from Cincinnati yesterday.

The long distance telephone figured prominently in the negotiations to secure the presence of Mr. Bryan at the banquet. The invitation had been under serious consideration by Norman E. Mack, chairman of the Democratic National Committee, for some time and at a late hour last night he called up Mr. Bryan, then at Terre Haute, Ind., on the long distance telephone. Mr. Bryan was informed, as Mr. Taft had been, that the banquet would be a non-political one and that it would be held under the auspices of a non-partisan organization. He readily agreed to attend. The deep waterway project is favored by the leaders of both parties and is not, therefore, a subject over which any political discussion is expected.

There will be no question as to which of the candidates will occupy the right hand seat. It will be occupied by Mr. Taft at the express wish and with the full approval of the Democratic candidate and his friends. Chairman Mack declared today that Mr. Taft, as a recent member of the present administration, was clearly entitled to the place of honor at the feast. The Ohioan, therefore, will sit at the right hand of President Hall and the Nebraskan on the other.

The meeting of the two candidates will differ from the meeting of the National candidates in the State of Illinois 48 years ago when Abraham Lincoln and Stephen A. Douglas began their famous debates, by reason of the inhibition placed on political discourse.

President Hall said this afternoon that an attendance of about 1,000 persons was expected at the banquet.

In addition to the great banquet room of the Auditorium Hotel the rooms adjoining on the ninth floor of the Fine Arts Building have been secured and the whole will be thrown together for the occasion.

A MISSING VESSEL.

Navy Department to Search for the Aeon in the Pacific Ocean.

(By Wire to The Morning Star.)

Washington, Sept. 11.—Additional steps were taken by the Navy Department today to locate, if possible, the missing steamship Aeon, in the Pacific ocean. Representative Maynard, of Virginia, accompanied by A. H. Martin and G. N. Serpel, of Norfolk, called on Secretary Metcalf to urge the Navy Department to use its best endeavors to obtain some trace of the vessel. One of the passengers on the steamer is Mrs. Patrick, wife of Chaplain Patrick, of the Navy, a daughter of Mrs. Serpel. She is accompanied by her children. The callers, by direction of Secretary Metcalf, took up the matter with Admiral Pillsbury, chief of the bureau of navigation. A cablegram was sent to Rear Admiral Swinburne, in command of the Pacific fleet, now en route to Samoa from Honolulu, to report on his arrival at Apia, whether any trace of the Aeon has been discovered. If the vessel has not been located by that time it is likely that one or two scout ships will be dispatched in search of her. One of these probably will be the cruiser Colorado now undergoing repairs at the Bremerton Navy Yard. A steamer of the company, which owns the Aeon, left San Francisco for Samoa on the 28th of August and it is believed likely she may sight the missing ship if she be still afloat. The Aeon sailed from San Francisco for Samoa and Australia on July 6th and has not since been reported.

The Remedy That Does.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at R. R. Bellamy's drug store. 50c and $1.00. Trial bottle free.

TEMPLE GRAVES IS NOTIFIED

Nominee of Independence Party—"Home Folks" Give Big Ovation.

(By Wire to the Morning Star.)

Atlanta, Ga., Sept. 11.—Two thousand persons listened to the formal notification of John Temple Graces as nominee of the Independence Party for Vice President of the United States at the casino theatre tonight. Presidential Nominee Hisgen, William Randolph Hearst and a score of others prominent in the party were on the platform while Mr. Graves was given an ovation.

Cheer after cheer and handclapping gave Mr. Hearst, Mr. Hisgen and Mr. Graves a welcome. Edward E. Chapp opened the meeting, introducing Clarence J. Shearn, of New York. Mr. Shearn in the course of his speech took occasion to criticise Joseph M. Brown, nominee for Governor of Georgia. The mention of Hearst and Hisgen in all the speeches caused repeated cheering. While the band played "Dixie" the two thousand persons in and about the hall cheered until Mr. Graves raised his hand for quiet. William Randolph Hearst was received with cheers.

Mr. Hearst started his address by explaining why he left the Democratic party. He declared that if William J. Bryan was sincere he should not have approached him four months ago with the proposition to support him (William J. Bryan) in the campaign and he (Bryan) would support him (Hearst) in the next campaign.

When Thomas J. Hisgen was introduced the audience shouted with enthusiasm. The presidential candidate talked about 30 minutes and was frequently interrupted by applause.

Yancey Carter, Independence candidate for Governor, made a brief address.

While assisting the Masonic Lodge in initiation ceremonies at Piedmont Okla., yesterday, Judge Joseph Garrett Lowe, of the 13 judicial district, died suddenly of heart disease. He was 62 years old. Judge Lowe was a member of the National Democratic convention in Kansas City in 1876.
